Dear Mr Mills

I write to congratulate you on your company, Boss Polymer Technologies Pty Ltd.'s recent induction into the Victorian Manufacturing Hall of Fame.

This honour is richly deserved and as the Minister for Manufacturing, Exports and Trade, the Hon Richard Dalla-Riva M.P. said at the presentation evening, this award recognises companies and individuals who are leaders in their field, both locally and internationally, and who have a story of success to share.

Boss Polymer Technologies Pty Ltd. under your guidance has become an acknowledged leader in its field and a substantial employer of many who live in the South East Metropolitan region of Melbourne.

I wish both you and your company continued success for the future. Once again, congratulations on your achievements, and especially on becoming a member of the Victorian Manufacturing Industries' Hall of Fame.

Yours sincerely
